MÄDCHENZENTRUM CENTER FOR GIRLS KLAGENFURT

WE ARE WHERE GIRLS NEED US

HERSTORY – WHO WE ARE, AND HOW WE CAME TO BE

When the Klagenfurt Center for Girls was founded in 1995, it was one of the first centers for girls and young women which offered counseling, support, and information for a variety of situations and living conditions. Since then, a transdisciplinary team with specialists in the fields of pedagogy, social work, psychology, career counseling, and more, has offered guidance to girls and young women.

Years of 'hands on' work, the focus on gender theory and its real world application, and the awareness of economic, social, as well as sociopolitical challenges, have made the Center for Girls a switchboard between: Girls and their Families, young women and business', students and schools or universities, apprentices and firms or workshops, patient and doctor or psychotherapist.

Today the goal of the Center for Girls in Klagenfurt is to enable and assist girls in making self-determined life choices. In order to reach this goal we work together with young women and anyone who shares our aims.

THAT'S WHY WE ARE ...

A PLACE TO START, A PLACE TO MEET, A PLACE WHERE PEOPLE LISTEN, A PLACE YOU CAN TALK TO GENDER-TRAINED WOMEN, A PLACE TO LEARN, A PLACE WHERE YOU CAN MEET WOMEN WHO CAN MEDIATE FOR YOU, AND A CENTER FOR PROJECTS AND INNOVATIONS.

FOR GIRL AND YOUNG WOMEN – WE OFFER:

- Social-educational counseling – free, anonymous, and confidential
- Workshops to further competences (such as communication, self-esteem, self- confidence, self-assertion, and self- reliance) as well as workshops on Sexuality, eating disorders and violence.
- Open meetings on eating disorders
- Career orientation with lectures, workshops and courses on: Strengths and interests, career information as well as expanding awareness and reducing gender bias in career choices (girls and mechanics, engineering, and technology), training in the application process and finding of jobs
- Contacts to business', firms, and workshops for internships
- Contacts to and mentoring by female role models
- Assessment Center which helps you find your strengths and aptitudes
